EGPiS2 – "I Love English Festival"

EGPiS activities continued during June 2019! Our girls joined "I Love English Festival" organized by **Çatalca İlçe Milli Eğitim Müdürlüğü**. During the festival, EGPiS girls gave information about the project, its aims, what we have done so far and what we are planning to do in the upcoming future.

Especially secondary school students and families expressed great interest into the festival and our dissemination activities!

Workshop for girls and parents in Hranice

On June the 10th, a workshop was held in Hranice aiming at bringing girls and parents closer to sport. In particular, it was intended to involve parents in order to make them aware of the importance of doing sports and include them in the activities. The workshop focused on girls' physical activity and was led by experts from the Faculty of Physical Culture of the **Palacký University Olomouc**. A video has been shot during the workshop, involving high schools students; it can be viewed at the following link:

Sport Day in Sofia

On last August the 6th, a **Sport Day** with girls has been organized by Bulsport, aiming at the identification and comprehension of the barriers girls have to face for what concerns participation in sports and physical activity. The programme included hiking activities in the mountains along the Gara Bov, Kozarska cave, Zli Kamak rock, Skaklya waterfall. At the same time discussions about topics project-related, such as positive and negative traits; reasons why I love sports, reasons why I miss sports etc., have been carried out.
